With RTC
"Round The
Clock"
Technology

4.3.2.1. Slim & Detox Day Night Capsules

have been scientifically formulated on the basis of chronobiology - delivering nutrients to the body at the optimum time to ensure they work in synergy with the body's metabolism for maximum efficacy, or simply "Round the Clock" Slimming and Detoxing.

This new technology is called RTC® "Round the Clock" technology.

Just as the body's metabolism varies around the clock, the best herbs to achieve the desired results also vary.

This is why Arkopharma has developed a tailored 24-hour program with specific herbs for Day and Night to help optimise weight loss and detoxing goals.

4.3.2.1 Slim & Detox DAY•NIGHT combines a day capsule for a "get-up-and-go" slimming action first thing in the morning and an extended-release night capsule - RTC® (Round The Clock) technology for night-long action.
